

JAVELINA HARNESS

The Javelina Full Body Back D-Ring Universal Harness with Tongue and Buckle Legs and Quick Connect Chest fasteners is the harness that everyone says they want, but no one makes. Well, Malta Dynamics listens to the requests and now offers the ideal harness for long days on the jobsite. The Javelina has dual lanyard keepers to hold lanyards out of the way while working and comes with a Premium Velcro Label Jacket to protect the labels on from wear and tear. The Javelina is designed for efficiency and affordability while meeting the strict ANSI and OSHA testing requirements and standards.
